Project: Proceeding on Joint Proposal for Caribou Management in Wek'èezhì

Re: Alberta Research Council (Alberta Innovates – Technology Futures) request for time to present at Public Hearing

At the request of the Alberta Research Council (ARC) the Wek'èezhì Renewable Resources Board has granted a timeslot during Registered General Public time on Wednesday March 24th, 2010 for ARC to make a presentation. They are considered a public participant and consistent with the Board's Rules of Procedure will not have the ability to question parties. ARC has submitted a one page outline of their presentation that will be posted to the public registry.
