Re: Extension Request for Determinations #1-2016, #2-2016 and Recommendations #1-2016, #2-2016, #3-2016 – Bluenose-East Caribou Herd Joint Management Proposal

Dear Mr. van der Wielen and Mr. Croft:

The Wek'èezhì Renewable Resources Board (WRRB) would like to acknowledge receipt of the July 29, 2016 correspondence from the Department of Culture & Lands Protection, Tłı̄chǫ Government (TG) and the Department of Environment & Natural Resources (ENR), Government of the Northwest Territories (GNWT) requesting an extension for the implementation of Determinations #1-2016 and #2-2016, and Recommendations #1-2016, #2-2016, and #3-2016 from the Bluenose-East caribou herd Reasons for Decision Report, Part A from August 1, 2016 to 15 days after receipt of the Sahtú Renewable Resources Board's (SRRB) final report.

The Board understands the rationale provided for the extension request is based on the second extended submission date, July 28, 2016, of the SRRB's final Bluenose-East caribou herd report. As the SRRB and WRRB have developed a cooperative framework and approach to ensure consistency and effectiveness of Bluenose-East caribou herd management, the Board accepts TG and ENR's request to extend the time for implementation to August 15, 2016. If you have any questions, please contact our office at (867) 873-5740 or jpellissey@wrrb.ca.

Sincerely,

A handwritten signature in blue ink that reads "J. Grant Pryznyk".
